

Stream of the students is strictly determined by the school criteria based on internal results. Science stream students are eligible for commerce and humanities. Commerce students are eligible for humanities as per guidelines of school criteria. No request, other than the criteria, for the change of streams will be entertained.

Allotment of sections is done as per class time table.

In science stream only little adjustment of section may happen due to optional subject (biology).

No request for change of section will be entertained.
